

ENVIRONMENTAL MANAGEMENT PLAN

Environmental Policy

Coral Sea Marina Resort undertakes all activities in compliance with relevant state/ federal legislation. Coral Sea Marina Resort is committed to promoting and delivering the best environmental management practices, ensuring the long-term health of the environment and public is maintained across all operations and activities.

Coral Sea Marina Resort acknowledges responsibility for operating a sustainable business and recognises the relationships that exist between the key areas of energy, water, waste, health and the marine environment. Coral Sea Marina Resort aims to ensure all employees, contractors and guests of the marina understand and uphold the highest environmental management practices whilst in the marina precinct.

Environmental Goals

Coral Sea Marina Resort conducts daily operations in line with the business's environmental goals, which are:

- Reduce waste, reuse and recycle
- Minimise the effects of marina activities on water, air and noise pollution
- Reduce energy, water and waste consumption across marina operations
- Educate customers, employees and marina stakeholders on conservation of marine ecosystems
- Promote activities which reduce marine habitat disturbance, protect native flora and fauna and encourage sustainable boating practices
- Advocate sustainable vessel operations and maintenance practices

Environmental Initiatives

Our marina rules outline the set of environmental standards which apply to marina guests, contractors and businesses. Our Berthing Agreement includes a comprehensive list of marina rules relating to the following key environmental initiatives:

1. Reduction of Energy, Water, Noise Pollution
2. Reduction of Energy and Water Consumption
3. Nil Discharge/ Black Water Pump-Out
4. No Fishing
5. Recycling/ Waste Reduction
6. Purging Plastics
7. Sustainable Vessel Operations
8. Sustainable Vessel Maintenance Practices

Environmental Resources

Detailed information on the marina's environmental commitments, initiatives and activities are available on our website, as well as a range of resources from key industry partners – <https://www.coralseamarina.com/environment/>. If you wish to discuss any elements of our environmental plan in detail, then please contact our marina team to make an appointment.
